

 **LIBERTY™
SAFETY**

Freedom In Full Gear™

SUMMER CATALOG

MISSION STATEMENT

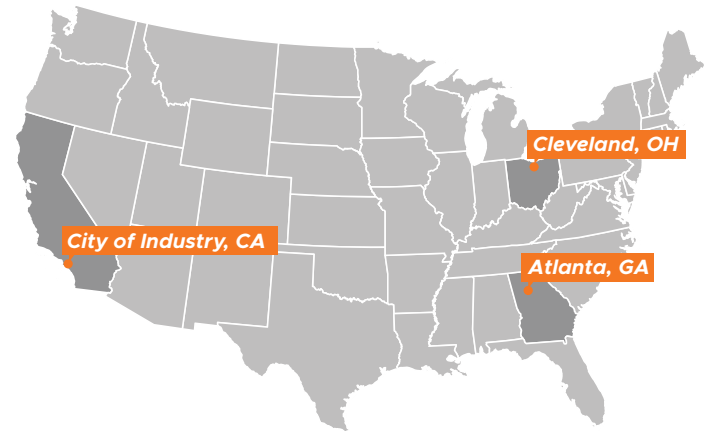

Our Mission is to ensure people go home safely at the end of the day, every day. We will do this by creating innovative, comfortable and appealing PPE products that will make safety feel less of a requirement and more of a liberating freedom.

We aim to be the most trusted brand of head-to-toe PPE that delivers quality without compromise. This applies to not only our products, but also our customer service and fulfillment capabilities. We know that reliability means everything in our industry, and we aspire to be the partner our customers know they can count on no matter what.

It's all part of our *Freedom in Full Gear* promise.

100% Distribution Focused

3 Strategic Logistic Locations:
California / Ohio / Georgia

OUR SERVICES

BRANDED PPE

Drive brand awareness with custom logos and safety reminders printed on your PPE. Available in silk screening for a vibrant, eye-catching design or pad printing for printing on products like hard hats or ear muffs.

PRIVATE LABELING & CUSTOM PACKING

Give your packaged products a professional, customized look. This service provides low cost, retail ready, or banding multipacks that can be store ready directly from the product cases.

VEND PACK READY

Provide your customers with vending machine pack ready items. It's a versatile solution that offers convenient packages to accommodate small or large business merchandise.

DIRECT IMPORT PROGRAMS (DIP)

Increase buying power without compromising quality control with a personalized direct import program. The DIP is designed specifically for high-volume distributors looking for cost savings.

SERVICE HANG TAGS

Add value to your packaging. Choose from two hang tag style types printed with customized retail markings, including UPC barcoding, product item number, and description call outs.

DROP SHIPMENTS

Save time and money with drop shipment services that handle your orders with care and attentiveness. It's a flexible, low investment strategy that offers scalability for your growing business.

LENS COLOR GUIDE

Understanding the functionality of task-specific lenses and determines what color or tint may be best for your application and environment.

Clear
 Provides excellent optics for general indoor applications where impact protection is required.

Gray
 For outdoor applications where light and glare can cause eyestrain and fatigue.

Light Blue
 Reduce glare and the yellow tint often given off by industrial/sodium vapor lighting.

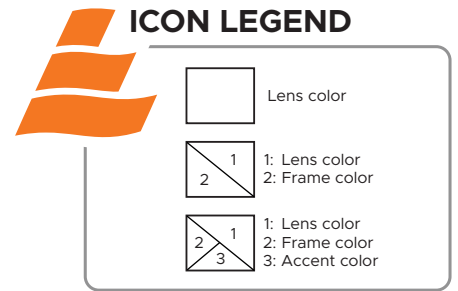

Indoor/Outdoor
 A clear lens with a slight mirror coating serves the same purpose as the gray lens, yet allows more visible light through the lens for indoor/outdoor use. Reduces glare from artificial light.

Brown, Mocha, Bronze and Orange
 For outdoor applications where sunlight and glare cause eyestrain and fatigue.

Infrared
 Green filters protect from UV rays & flash burns.

Amber
 Blocks the blue portion of the visible light spectrum, creating maximum contrast enhancement, particularly in low light.

Blue, Red, Orange, Brown, Gold and Silver Mirror
 Use outdoors where sunlight and glare cause eyestrain and fatigue. Mirror coating reflects light, reducing the amount of light that passes through the lens.

 Customized printing is available. Contact your customer service representative for more details.

**POLARIZED LENS FULL FRAME SAFETY GLASSES
AURA II™**

-  **1764BG**
-  **1764RG**

- Sporty wrap around frame
- Scratch resistant polycarbonate lenses
- Polarized lenses contain a special filter that blocks intense reflective light, reducing glare and eye fatigue
- Dual-injected temples with a non-slip adjustable nosepiece

APPLICATIONS
Construction | Oil Rigs | Shipyards

ANSI **Z87.1+** ONE **SIZE**
